Semi-Annual Bullying Report
First Semester: Jan 18, 2024 - May 30, 2024
Submitted by: Jared Taylor, Dean of Student Services

In accordance with pertinent School Board Regulations and State Laws, this report on Bullying/Harassment Incidents during the second semester of the 2023-2024 school year is offered in fulfillment of the requirements of those laws and regulations. This information will also be posted on the school district's website.

Ohio Senate Bill 276 Sec. 3313.666 defines Bullying\Harassment\Intimidation as follows:

“Harassment, intimidation or bullying means any intentional written, verbal, graphic or physical act that a student (or group of students) exhibited toward another particular student more than once and the behavior both: a) Causes mental or physical harm to the other student; and b) Is sufficiently severe, persistent or pervasive that it creates an intimidating, threatening or abusive educational environment for the other student.”

We had two reported incidents that occurred during the second semester. After investigating the incidents one report met the criteria of bullying. Incident one involved a student hearing multiple comments being made about having a mental health condition. The incident was resolved through suspension of three other students after having a conference with the teacher in which whose classroom the incident took place. A continued monitoring of the students involved in the bullying will take place into the 24-25 school year and PBIS tier II supports will be put into place.
